## THE SOCIAL KITCHEN CESAR

**KITCHEN MODULES**  
'Williamsburg', 'The 50s'  
and 'Intarsio'

**THE BIG IDEA**  
Designed by Garcia Cumini,  
this kitchen's features answer  
the call for social cooking  
and eating. The 'Williamsburg'  
island is a solid station for  
prepping and cooking but also  
serves as a table to sit around

and participate, to eat and  
make merry. Bridge-building  
mechanics keep the underside  
clear for leg space, while the  
two end pieces bear the load.  
'The 50s' shelving system can  
house ovens, glass storage and  
bottle racks, and can extend  
from the kitchen into living  
areas, with desk and bookshelf  
options. And the 'Intarsio'  
cabinetry features a trompe  
l'oeil play with woodgrain  
that further pushes the kitchen  
into the heart of the home.
